Presenting

A Swiss-made carbon-fiber 26" threespoke (clincher) wheel which fulfils all the demands of serious duathlon racers, triathlon racers and speed trialists. The light, aesthetic CAT THREESPOKE wheels have exceptional aerodynamic characteristics and enhance the looks and performance of any bike. And, in contrast to many other carbon wheelmakers we publish circularity and roll precision data of our wheels - we have nothing to be ashamed of ! The price has been kept as low as possible, to enable the average rider to profit from these high-quality, high-tech carbon wheels.

CAT THREESPOKE FRONT WHEEL

CAT THREESPOKE REAR WHEEL

Construction.....Prepreg / Autoclave
 Material.....Carbon - Kevlar
 Color.....black (natural Carbon)
 Size.....26"
 Width.....3/4" / 19mm
 Weight.....30 oz. / 850g
 Rim.....Rigida Alu
 Axle.....Aluminum
 BearingsIndustrial bearings
 Precision: Straight line: within 0.027" / 0.7mm
 : Circularity: within 0.015" / 0.4 mm
 Retail Price (without tyre & tube) SFr 890.00 + pp

Construction.....Prepreg / Autoclave
 Material.....Carbon - Kevlar
 Color.....black (natural Carbon)
 Size.....26"
 Width.....3/4" / 19mm
 Weight.....39 oz./ 1100g
 Rim.....Rigida Alu
